

• SECURE IT · ACCESS CONTROL & INTERCOMS

Control every door, from your phone.

Keyless card and mobile entry, video intercoms and every entry logged, with footage linked to each door event. Installed and managed on Verkada, Brivo or UniFi Access by the team that also runs your cameras and network.

Keyless entry options

Every entry

Logged with time & credential

Verkada · Brivo

UniFi Access and more

5.0 ★

Rated on Google and Yelp

WHY IT MATTERS

A key can't tell you who used it or when.

When an employee leaves, are you sure every key and fob came back? Access control ties every credential to a person, logs every entry and lets you revoke access in seconds, with camera footage when you need it.

★★★★★

"Their team is extremely professional, always on time... After the install they have continued to support us during outages, additional upgrades and change orders."

William D. · Kur Skin Labs

WHAT'S INCLUDED

One team manages every door.

Design & entry assessment

Every door, gate, elevator, server room and loading area mapped.

Access control installation

Controllers, card and fob readers and mobile credentials, tested at every door.

Video intercoms

See, speak with and let in visitors from any phone or desk.

Cloud access management

Add users, set schedules and review logs from any browser or app.

Camera integration

Door events linked to footage and motion-triggered recording at entries.

Administration & support

We onboard and offboard users, update schedules and monitor health.

PRICING

Cost depends on door count, credential type and integrations. We assess your building first and send a written, itemized quote. Have in-house IT? We partner with internal IT teams, work to your standards and hand everything back documented.

WHY SOLVED IT

One accountable local team.

- **Revoke access instantly.** No re-keying or locksmith visits: remove a former employee from your phone.
- **Integrated with your cameras.** Every entry has matching footage, and denied attempts can alert you.

Every door in one dashboard

Doors, gates, elevators, server rooms and intercoms managed as one system.

GETTING STARTED

Simple, clear, no pressure.

1

Free site assessment

Every entry point and how it's used.

2

Install & configure

Readers, intercoms, users and camera links.

3

Ongoing administration

User changes and system health handled.

PAIRS WELL WITH

Video Surveillance · Structured Cabling · Managed IT Services

Projects are quoted after a free site assessment. Cloud platform subscriptions are itemized in your quote. Ongoing administration is optional, or we train your team to manage it.

Know exactly who comes and goes.
