WHY IT MATTERS

Stop making technology decisions in the dark.

Most leaders react to what broke last month instead of planning for what the business needs next year. We give you an honest picture of your environment and a prioritized plan that fits your budget, compliance needs and growth.

★★★★★

"A trusted operational partner who brings real structure, accountability, and clarity, exactly what you want as your business grows."

WHAT'S INCLUDED

Six areas. One strategic partner.

Technology roadmapping

A multi-year plan that maps technology investments to business goals, prioritized and budgeted.

IT budget planning & forecasting

A realistic budget that removes surprise capital expenses for your finance team.

Compliance & risk planning

HIPAA, SOC 2, FINRA and cyber insurance requirements built into the strategy.

Vendor evaluation & management

We evaluate, negotiate and manage vendors, so you get the right tools at the right price.

Business continuity planning

A tested plan that minimizes downtime and keeps your team working through disruption.

Quarterly business reviews

Your vCIO reviews performance, updates the roadmap and brings recommendations.

PRICING

Quarterly strategy reviews are included in every managed IT plan (starting at \$149 per user / month). Have in-house IT? Engage a vCIO on its own, scoped after a free consultation.

WHY SOLVED IT
