

• BUILD IT · STRUCTURED CABLING

Structured cabling, done once, done right.

Certified Cat6, Cat6A and fiber cabling for new offices, build-outs, relocations and upgrades. It runs at full speed today, with headroom for 10G, Wi-Fi 7, PoE cameras and whatever you add next.

Cat6 · Cat6A

Copper, plus fiber backbones

Certified

Every link tested and documented

50+

Buildings cabled for Phipps Houses

5.0 ★

Rated on Google and Yelp

WHY IT MATTERS

Bad cable is invisible until everything slows down.

Dropped connections, failing PoE devices and mystery slowdowns usually trace back to the cable plant. We find it, fix it and certify it, so you're not chasing intermittent faults for years.

★★★★★

"Our wiring is finally organized and labeled... They even tracked down a wire that was lost inside the ceiling."

Jennifer R. · Verified Yelp review

WHAT'S INCLUDED

What we design, install and certify.

Cat6 & Cat6A copper

Drops for workstations, access points, cameras and VoIP, installed to TIA/EIA standards.

Fiber optic backbone

Single-mode and multimode fiber for risers, floor-to-floor backbones and closet links.

Server rooms, MDF & IDF

Racks, patch panels, cable management and clean terminations.

Moves, adds & relocations

Changes for growing teams, plus full cabling for relocations and new floors.

Certification & testing

Every link tested with Fluke-grade equipment and a documented pass/fail report.

Labeling & as-builts

Standard labeling and as-built drawings, so future changes take minutes.

PRICING

Every cabling project starts with a free site survey, then a fixed-price, itemized quote before work begins. Have in-house IT? We partner with internal IT teams, work to your standards and hand everything back documented.

WHY SOLVED IT

One accountable local team.

- **Clean installs, clean records.** Labeled, dressed and documented, with a certification report for every drop.
- **One partner, every layer.** Cabling, switching, Wi-Fi and cameras under one roof, so everything works together.

Cogency Global · Manhattan HQ

22 new Cat6A drops for a 10G-ready Wi-Fi 7 network, finished in about a week.

GETTING STARTED

Simple, clear, no pressure.

1

Free site survey

We walk the space and pathways.

2

Design & quote

Drop counts, materials and a fixed price.

3

Install & certify

Tested, labeled and documented.

PAIRS WELL WITH

Business Wi-Fi · Office Build-Outs · Video Surveillance

Projects are quoted at a fixed price after a free site survey. Licensed and insured in NY, NJ and CT. Ongoing network support is available through our flat-rate managed IT plans.

Get cabling that's **certified, labeled and documented.**

Book a free site survey and get a clear, fixed-price quote.
