

● SECURE IT · VAPE & SMART-SENSOR DETECTION

Detection where cameras can't go.

Triton ULTRA sensors detect vaping, THC, smoke, gunshots, glass break, loitering and aggressive sound events in bathrooms, stairwells and other private spaces, with instant alerts. No cameras, no faces, no recorded audio.

WHY IT MATTERS

Your cameras cover the hallway. What about the bathroom?

Vaping, drug use, loitering and even medical emergencies most often happen where video isn't an option. Triton sensors fill that gap with acoustic and environmental detection, so staff can respond before a situation escalates.

WHAT'S INCLUDED

We manage the full deployment.

Site assessment & placement

We find the gaps cameras leave and design sensor coverage to fill them.

Triton ULTRA installation

Ceiling or wall mount over PoE, commissioned to confirm coverage.

Vape, THC & smoke detection

Real-time alerts for vaping, THC, cigarette smoke and masking attempts.

Gunshot, glass break & loitering

Acoustic detection with configurable loitering thresholds.

Security system integration

Works with Verkada, Genetec, Milestone, Hanwha and Eagle Eye Networks.

Alerts & ongoing support

Thresholds, recipients and escalation set up, plus firmware and health monitoring.

PRICING

Every deployment starts with a walk-through of your facility and a sensor placement plan, then a written, itemized quote. Have in-house IT? We partner with internal IT teams, work to your standards and hand everything back documented.

WHY SOLVED IT

One accountable local team.

- **Privacy built in.** No personally identifiable information collected. Detection is acoustic and environmental only.
- **Part of your security program.** Sensor alerts can trigger camera recording or access control events automatically.

Certified Triton Platinum Partner

Solved IT designs, installs and supports Triton deployments as a certified Platinum Partner.

GETTING STARTED

Simple, clear, no pressure.

1

Site assessment

Detection gaps and sensor locations.

2

Install & configure

Sensors, alert rules and integrations.

3

Ongoing support

Health monitoring and firmware updates.

PAIRS WELL WITH

Video Surveillance · Access Control & Intercoms · Business Wi-Fi

Deployments are quoted after a site assessment. Solved IT is a certified Triton Platinum Partner; detection capabilities and integrations are as described by the manufacturer. Sensors do not record video or audio.

Close the gaps your cameras can't cover.

Book a free site assessment. We'll map where sensors belong and send a written quote.
